Doctor of Philosophy

The University of Sydney

Advisor: [Geordie Williamson](#).

2025 -
Sydney, Australia

Master of Philosophy

The University of Queensland

Advisors: [Masoud Kamgarpour](#), [Ole Warnaar](#).

Thesis: [Arithmetic geometry of character varieties](#).

Awards: [Bernhard H. Neumann prize](#), hon. men.

Scholarship: UQ Research Training Program scholarship.

2022 - 2024
Brisbane, Australia

Bachelor of Mathematics

The University of Queensland

Advisors: [Masoud Kamgarpour](#), [Anna Puskás](#).

Thesis: [Hecke algebras and Gelfand pairs in representation theory](#).

Awards: UQ Dean's Commendations for Academic Excellence.

Scholarships: UQ Academic Merit, UQ Link, and Smith Family Tertiary scholarships.

2017 - 2021
Brisbane, Australia

Some evaluations written by students of MATH3303:

'Bailey was extremely knowledgeable in the subject, easily approachable, and is among one of the best tutors I've ever had during my time at UQ. From him, I have learnt not only course content, but how to be an effective educator.'

'Bailey has been hands-down the best maths tutor I have had. He was extremely approachable, and always encouraged questions. He would explain the theory very clearly and always made sure you had a good understanding of the concepts. This course would have been a lot harder without him as a tutor!'

'Bailey was very helpful and professional in the tutorials. He offered excellent help to all students and explained the challenging assignment questions with great clarity and insight.'
